Revised Accomodation/Trip Prices

We have realized that the trip Schedule presented in the previous newsletter was somewhat confusing. We have revised the trip schedule with the changes marked in red.

The placement of the information on Sigges' [P'Ayakensut](#) on the same page as the day and weekend trips seemed to imply that we planned to offer bus trips to this event. We are **not** planning such trips. We only wished to bring this increasingly important event to your attention.

Sorry for any inconvenience and confusion that this may have caused - editor.
